

WE ARE LISTENING!

Our church leadership is about to engage in a *listening exercise* provided by Canadian Baptists of Western Canada. Part of our process will include the use of an all church survey called the Church Health Assessment Tool (CHATSM) by Leadership Transformations.

This web-based survey will allow us to collect valuable feedback from both the congregation and the leadership team regarding their views on our church health. This tool is based on the "10 Traits of Vital Ministry" from the book *Becoming a Healthy Church* (Dr. Stephen A. Macchia, Baker Books, 1999). We welcome all congregants, to participate in the survey.

Please take this opportunity to share your thoughts with us. Your feedback will help us shape strategic decisions and encourage future ministry effectiveness.

To participate in the survey between October 20 and November 2:

1. Get on the internet and go to **www.HealthyChurch.net**
2. Click on the button that says "Take the Survey" on the left side of the screen.
3. Use the following information to log in:
Congregation Username: [REDACTED]
Congregation Password: [REDACTED]

Give us your honest feedback. Please be assured that your personal comments will only be seen by the CBWC representatives. (The survey takes 20-25 minutes to complete.)

If you don't have a computer/internet access, there are paper copies in the foyer or you can contact the church office at 604-737-1069 and we'll make sure you get a paper copy of the survey.
