

Sr. Pastor – Moosomin Baptist Church

Moosomin Baptist Church (MBC) is actively looking for a Senior Pastor. If you feel it could be you, we encourage you to apply for this full-time position.

Our Community

Moosomin is a growing community nestled between the scenic Qu'Appelle and Pipestone valleys, located on the Trans-Canada (#1) Highway, approximately 10 miles west of the Saskatchewan/Manitoba border. Moosomin is noted for our pleasant residential neighborhood and is surrounded by rich farmland and agricultural, oil, gas, and potash mining industries which help make our economy diverse and vibrant. The town contains many amenities including a new hospital, schools, and a diverse selection of recreational facilities including a pool, ice skating and curling arenas, bowling lanes, convention center, playgrounds, a track, ball diamonds, and a new Sportsplex. There are also many parks, campgrounds, lakes, and golf courses nearby. Our church community draws from Moosomin and many neighboring communities and the rural areas between.

For more information on the town, please feel free to check the town website for our community profile: http://www.moosomin.com/pdf/community_profile_2016.pdf

Our Church

MBC's vision statement is to raise up followers of Christ through authentic relationships, and that our members will have an impact in our community!

Many outreach and development programs currently operate within the Church, operating through volunteers. Non-Sunday children's programming includes a program for kids aged 5-9 (Kidz Club), 10-12 (Tweeners), and 13-18 (Sr. High Youth). In summer an annual community outreach VBS program sees the Church host approximately 100 children. Other ministries of note include several adult bible study groups (all ages), an intentional seniors ministry (Young at Heart), and a community sports nights in our gymnasium.

Moosomin Baptist Church is associated with the Canadian Baptists of Western Canada (CBWC). Our Sunday morning worship service averages about 110 people from all walks, ages, and stages of life.
